Tues, June 20; Thurs June 22  
Time: 10:00 am - 12:00 pm

### Option 2:

Dates: Sat, June 10; Sat, June 17; Sat, June 24

Time: 9:00 am - 11:30 am

Ages: Pre-K - 3rd grade  
Fee: \$60 (includes all materials)  
Minimum class size: 5 students  
Maximum class size: 10 students

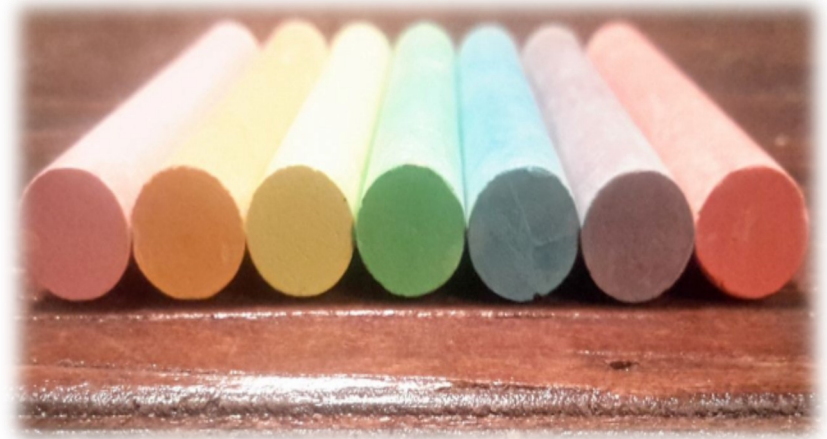

Yippee Amigos and Amigas!!

Practice your reading skills this summer with Miss Chris and Skippyjon Jones...the Siamese kitten with an imagination so powerful he becomes "Skippito Friskito"...the Mexican chihuahua, sword fighting superhero who takes on "El Blimpo Bumblebeeto Bandito"!! Will Skippito be able to save los frigoles from Alfredo Buzzito for his amigos, Los Chimichangos? Ay Carumba! What are los frigoles anyway? Read with Miss Chris and find out.

Skippyjon will help with reading objectives (sight words, comprehension, and un poco espanol) as well as hands-on enrichment activities!

## Intro to Kumihimo Braids

Dates: Mon, June 12; Mon, June 19; Mon, June 26  
Time: 10:00-11:30 am  
Ages: 6 y.o. and beyond  
Fee: \$50 (includes disk loom and yarn)  
Minimum class size: 5 students  
Maximum class size: 10 students

Learn how to make kumihimo braids - Japanese multi-strand braids using a disk loom. We will explore basic technique, pattern and color, and design.

We will also discuss how to add closures to your bracelets / designs so they stay on your wrist!

## Math of Texas Hold'Em

Dates: Tues, June 13; Tues, June 20; Tues, June 27  
Time: 6:00-8:00 pm  
Ages: 12 y.o. and beyond (great for kids and parents!)  
Fee: \$60  
Minimum class size: 4 students  
Maximum class size: 12 students

Did you ever ask yourself "When am I ever going to find a real life use for Statistics and Probability?" or "Why can't math be more fun?" This is the class for you!

Learn the basics of Texas Hold'Em from a 20 year casino veteran. The basics include how to play, how to bet (not with real money!), how to determine how many "outs" you have in a hand, and the odds of winning!

This is a great class for family groups!

## Origametry Where Origami and Geometry Meet

Dates: Mon, June 12 - Thurs, June 15  
Time: 10:00-12:00  
Ages: 10 - 18 y.o. (middle & high school students)  
Fee: \$100 (includes books and materials)  
Minimum class size: 3 students  
Maximum class size: 8 students

Do you like folding paper into three dimensional creations? This class is designed for the creative and the mathematical at heart. Art meets geometry! Explore geometrical shapes and three dimensional solids through the centuries old tradition of origami. You will be provided with an origami book and special paper to take home so you can keep on folding! Join us for some paper folding fun!

## Phone Photography

Dates: Wed, June 14; Wed, June 21; Wed, June 28  
Time: 10 am - 11:30 am  
Ages: 10-14 years old (Middle schoolers)  
Fee: \$50  
Minimum class size: 3 students  
Maximum class size 8 students

You already know how to take pictures with your phone / tablet. Outside of apps like Snapchat, do you know how to edit your photos? This course will help you understand the basics of phone photography as well as how you can use apps to enrich your photos and other tools to further your photo-taking skills. Students need to bring their own phone or tablet.
